1. Design

Dot Matrix Grille

Based on the geometric use of multi-function, breaking the traditional grille design, creating a unique futuristic digital image.

Horizon rear **tail** lamp

*The rear tail lamp lights up like a magnificent red **horizon**, conveying a glowing and pulsating visual experience.*

Hard Styling body design with ***Michelin R 20***

CS95PLUS owns CHANGAN' s largest body size, it grabs attention by the incredible hardcore & wild impression. The Michelin R 20 is painted high-gloss & high-sheen finish multi-spoke design, it performs a great degree of silence and smoothness.

ALL *New Interior* Design

“Nappa pattern&craft, 8-way power adjustment and 2-way lumbar support with memory function of the driver seat.”

“Dark Green CMF design and matte interior trim, providing you comfortable and luxury experience.”

2. Power

The *ALL-NEW* Blue Core NE 2.0T High-pressure GDI Engine

- ✓ *Max power 171 Kw;*
- ✓ *Maximum torque 390 Nm;*
- ✓ *A boost in reaction time of more than 20%.*

The ALL-NEW Blue Core NE 2.0 T high-pressure GDI engine is "Lower fuel consumption, more power, faster response".

*Based on the previous generation, it enhances the combustion-related technology system, low-friction and low-loss control technology system, thermal management technology system, and NVH control technology system. In total, **20 key engine technologies** are comprehensively upgraded.*

AISIN 8AT Transmission

High dependability and stability, smooth shifting, and quick response are features of the Aisin 8AT Transmission, which is also found in luxury brands.

Reliable quality, smooth shift, Excellent fuel economy with rapid response and senseless switching; equipped with a number of innovative technologies such as intelligent pre-downshift, always ready to go;

***‘No maintenance for Lifetime,
product quality guaranteed.’***

Electronic Gear Shifter

#Convenient,

#Light handling,

#Sophisticated

The new electronic gear shifter takes the cabin design philosophy, performing the integration of spaceship futuristic. Dark leather with a geometric pattern appears more sophisticated and luxurious.

3. Intelligence

V3.0 intelligent Infotainment system

Equipped with 12.3-inch HD touch screen, high definition, fast reaction, smooth touching. Prompt voice control realizing multi function to make driving easier.

ADAS L2

Integrated intelligent adaptive cruise control and intelligent lane change assistance, Reduce driving intensity & driving fatigue. Vehicle radar multi-azimuth monitoring covers visual blind areas. Users are more assured to change lanes & to reverse.

540° transparent chassis enable driving recording

*Four megapixel cameras: video signal resolution up to 1280*960 (960P picture quality) at the same time can realize 3D display, intelligent opening, lane departure warning and other functions.*

CarPlay + Android Auto + GCC map

CarPlay+Android Auto, the in-car digital entertainment platform provides content for your journey.

Accurate navigation makes journey twice as simple .Say farewell to delayed navigation and out-of-date route information.

Induction electric back door

The back door can be intelligent spring-style induction open. Free your hands, convenient and fast with a light kick by your foot at the bottom of the rear.

4.

Space

*Equipped with the **1.14 m²** panoramic sunroof, immerse yourself to the clearly visible blue skies and starry nights.*

Versatile & flexible **Storage space**

*The flat-down 3rd row to create **465 L** space to meet the needs of long-distance travel; the flat-down 2nd and 3rd rows to create **2,000 L** to meet all storage requirements.*

Lounge Aesthetics

***Nappa** leather is crafted to provide top-comfort cabin experience. Equipped with pre-tensioned force limiting seat belt to secure the **high safety**. **8+2 Cockpit**: the driver's seat can be adjusted electrically **in 8 directions**, **2-way lumbar support**, all with memory function.*

Lounge Aesthetics

One car with **multi** temperature zone
*Equipped with a **three-zone air conditioning**, thoughtful consideration of the different needs of the elderly, children, men and women on the temperature.*
